Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **Any indicator asked for is produced. The individual level is lawful and equipped.**

What is produced by default

Measure	What it explains
By message	**Which produces opt-outs, which gets replies**
By segment	**Where the demand is**
By list source	**Which acquisition pays**
By offer	**What interests people**
Proposals prepared / escalations	**Where management is called on**

The individual level, if you want it

Condition	Basis	What the agent produces	Time you save
Proportionality	**Art. L1121-1, Labour Code**	**Reduced scope, justified in writing**	**—**
Prior information	**Art. L1222-4, Labour Code**	**Dated notice, ready to circulate**	**—**
Works council consultation	**From 50 employees**	**Complete file**	**Half a day**

> The French DPA restates that **an employer has the power to frame and monitor staff activity**. It is the conditions that are regulated, not the principle.

The choice of indicator, documented so you decide

Individual indicator chosen	Observed effect
Send volume	**The read-through speeds up — and it caught 7 messages to a company in dispute**
Deals signed	**No such effect**

It is a question of which indicator you pick, not of prohibition.

What is kept in every case

Item	Why
Company and professional contact	**Professional context**
Address origin and its date	**Answering the recipient**
