Three hundred and forty addresses — 297 documentable

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **A recipient is entitled to know where you got their address. It is the only reason this file comes back to you — and the agent hands it over ready to settle.**

Split by likely source, already established

Matched source	Count	Origin documentable in
Trade show you exhibited at	**210**	**One sentence**
Form on your site	**87**	**One sentence**
No match	**43**	**To arbitrate**

For the **first 297**, the origin is documented at once and the addresses go back out **the same day.**

The two routes for the remaining 43

Route	What it requires	Lawful?
Set them aside	**Nothing**	**—**
Cold first contact with an origin statement	**Opt-out available from the first message**	**Yes, in business-to-business prospecting**

What changes at the door

Every imported file **now asks for its origin and date.** The field takes five seconds. **The question is asked where it takes five seconds to settle, not two years later when the trail has to be traced back to answer a recipient.**

For the company to settle

Route chosen for the 43: _____

Person approving a list's origin: _____

> **Request a demo with your own documents**
> This document is a fictitious example. To see the agent work on your own documents, request a demo from its page.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
