Fourteen requirements, eight verifiable

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

214 CVs · fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **Six requirements read on no CV**, and the agent looks for nothing about them: six empty lines on its report.

The eight verifiable ones

Requirement	Found on	Not found on
Qualification	**181**	33
Length of experience	**209**	5
Sector	**164**	50
Named tool	112	**102**
Language	**138**	76
Licence	89	**125**
Certification	51	**163**

Requirement	Found on	Not found on
Geographic area	**196**	18

The six unverifiable ones

Requirement	Reads on a CV?	CVs using the word	Handling
Autonomy	**No**	**189**	**To be assessed at interview**
Team spirit	**No**	**174**	**To be assessed at interview**
Rigour	**No**	**151**	**To be assessed at interview**
Adaptability	**No**	**143**	**To be assessed at interview**
Initiative	**No**	**128**	**To be assessed at interview**
Interpersonal ease	**No**	**117**	**To be assessed at interview**

> **One hundred and eighty-nine CVs of 214 write "autonomous".** A tool counting those occurrences measures who wrote the word, not who has the quality — and it produces a ranking out of application vocabulary.

What the agent proposes to the drafter

Option	Effect
Keep the six	**They describe the post, they sort nothing**

Option	Effect
Know the sorting happens on the other eight	**And therefore decide them**

> **Request a demo with your own documents**
> This document is a fictitious example. To see the agent work on your own documents, request a demo from its page.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
