Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration; employees are shown by a letter.
The list goes to the employee, not to a recruiter.

Situation	Employees
Certification with a commercial name	7
Qualification with no equivalent in the vacancies	4
Total	11

The seven, and the word separating them from the vacancies

Employee	Wording in the file	Wording in internal vacancies	Same thing?
A	Commercial name	Skill described in plain words	For the employee to say

Employee	Wording in the file	Wording in internal vacancies	Same thing?
B	Commercial name	Skill described in plain words	For the employee to say
C	Commercial name	No close wording	Not determined
D to G	Commercial name	Skill described in plain words	For the employee to say

The agent shows both wordings side by side and does not decide they mean the same thing. A commercial certification may cover more, less, or something else than the plainly described skill.
