Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **Executed on Monday at 11:12, after the marketing director's approval.** The reading compares the actual against the range announced BEFORE the test, and restates at the top the two stop thresholds written at that moment.

The two stop thresholds — first thing to look at

Threshold	Value set	Value at D+10	State
Short video	€45 for 3 days	€31	Nowhere near
The house as a whole	€43 over 7 rolling days	€34	Nowhere near

Announced against actual

Measure	Announced before the test	Actual at D+10	Reading
---------	---------------------------	----------------	---------

House cost per acquisition	€37	€34	Above the top of the range
Additional orders	+37 pro rata over 10 days	+49	Favourable gap
Short video	€29	€31	The announced degradation did happen, slightly stronger
Generic search	€36	€34	Favourable gap
Social after withdrawal	—	€47	Coming down: frequency back to 3.2
Total monthly budget	€47,000	€47,000	Unchanged, as announced

The announced blind spot, and where it stands

Point to watch	Measure at D+10	Conclusion
New-customer volume	-4 %	Inside usual variation — no conclusion drawn at this stage
Next reading	D+21	Compared with the same week last year

The next step proposed, costed

Proposal	Amount	Arithmetic	Limit
Take short video from €5,000 to €8,000	€3,000, drawn from social	At a prudent €33: 91 orders against 64 where they sit — that is +27 a month	Monthly total still unchanged

Proposal	Amount	Arithmetic	Limit
Cap beyond which it is advised against	€11,000	Video audience of 310,000 people; beyond that frequency would pass 4 before month end	We would replay the difference of the week of 5 August

For the marketing director to decide

Video reinforcement approved (yes / no) and amount: _____

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
