Fourteen contracts — term left blank

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The agent does not say whether those contracts are of indefinite term, void, or supplied by another clause.** Those are three questions of law, and they go to an adviser.

Situation	Contracts	What the re-reading established
Term appearing elsewhere in the contract	**5**	**In an annex or the renewal article**
No term, anywhere	**9**	**Full re-reading of the 9**
Total	**14**	—

Reading all 14 in full is what separates a useful flag from an automatic alert. Five of the fourteen do carry a term — flagging them with the other nine would have opened five files for nothing.

The 9 with no term

Contract	Signed	Page where the term should have been
1	14/03/2025	p. 2, art. 4
2	28/05/2025	p. 2, art. 4
3	09/09/2025	p. 2, art. 4
4	17/11/2025	p. 2, art. 4
5	22/01/2026	p. 2, art. 4
6	03/03/2026	p. 2, art. 4
7	19/04/2026	p. 2, art. 4
8	30/05/2026	p. 2, art. 4
9	11/07/2026	p. 2, art. 4

> **All nine carry the blank in the same place, page 2, article 4.** That is not repeated carelessness: it is a field the template does not require to be filled.

The setting proposed

Element	Value
Rule	**Generation impossible while a mandatory field is blank**
Fields concerned	**To be defined with the lawyer**
Cost of setting up	**~5 minutes**
Effect on the existing 14	**None — they are signed**

The setting repairs nothing in the past. It simply makes the same error impossible, which is the only thing a tool can offer here.

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
