Fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **The blanks are visible in plain sight, not in pale grey.** A contract signed with an invisible blank is exactly the case of this morning's fourteen contracts.

The term is not inferred from the usual term of your contracts. That would be right often, and the contract would then carry a term nobody negotiated — precisely the defect this is meant to avoid.
