Fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **"Up to" is true whatever the actual result** — it is the form that is the problem, not the figure.

Wording	Frequency
"Up to X%"	**The commonest**
"Twice as much"	**—**
"Best in its class"	**—**

Outcome for the 41

Origin found	Count	Handling
A real test not tied to the page	**12**	**The source was cited**
A supplier document once found	**9**	**The source was cited**
No identifiable origin	**20**	**Rewritten by their author**

> **A claim silently withdrawn suggests it was false**, when it may be accurate and merely undocumented.

What is written instead

Element	Present?
The measured value	**Yes**
The measurement condition	**Yes**
The source	**Yes**

Less spectacular, and checkable by the customer.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
