Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **"Hidden" is not "deleted"**: the message exists, its author is told, and a moderator decides within four hours.

Element	Behaviour
Message visibility	**Removed**
Message existence	**Preserved**
Author informed	**Yes, immediately**
Human decision	**Within 4 hours**
Restoration possible	**Yes**

The nine hidings

Ground	Hidings	Upheld	Restored
Third party's phone number	**4**	**4**	0

Ground	Hidings	Upheld	Restored
Third party's postal address	**3**	**3**	0
Third party's email address	**2**	**1**	**1**

> **The restored hiding published a business address that was already public.** The agent does not distinguish a published business address from a personal one — precisely the kind of nuance that justifies a human deciding within four hours.

This morning's message

Element	Value
Data published	**Phone number and postal address**
Has the person written in the thread?	**No**
Do they know they appear in it?	**Probably not**
Members in disagreement in the thread	2
Did they choose to write here?	**Yes**

The last two rows contain the whole reasoning. The members arguing chose this space; the person whose address is published chose nothing and is not there to answer.
