Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **Three gestures run without asking, and all three play the buyer's way.** Everything that commits the company lives in a written, capped, dated mandate, withdrawable in one word.

The three automatic gestures

Gesture	Why it plays your way	Measured over the quarter
Apply a price cut received in writing from a referenced supplier	**An increase, by contrast, stops and comes back with its clause and the comparison of alternatives**	**€12,300 collected**
Chase a missing acknowledgement at D+5	The message asks for a date, it commits nothing	**34 chasers, 29 answers within 24 h**

Gesture	Why it plays your way	Measured over the quarter
Recalibrate a projection coefficient contradicted by real consumption, and say so	The correction is published with its measurement	**Flange gap brought from 14 % to 4 %**

What the mandate in force covers

Clause	Value	Compliance recorded
Scope	9 categories, 143 referenced suppliers	**0 order outside scope**
Overall cap	€4.58M	**Respected**
Per-order cap	€25,000	**0 breach · 14 orders presented for signature**
Term	Until 30/06	In force
Orders issued under mandate	**218**	**Logged to the second**

The widening proposed, costed

Setting	Orders to approve per quarter	Signing time	What stays in front of procurement
Cap at €25,000	**14**	≈ 3 h 30	The 14 largest lines
Cap at €40,000	**4**	**≈ 30 min**	**The 4 lines that actually weigh**

> **The mandate is changed in one sentence and withdrawn in one word**, at any moment and from a phone. That is what makes the automation comfortable: it is
