

Why nothing changes while the round is running

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 24/09/2026

Fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **An automatic reordering saves eight minutes of driving and loses more.**

What the driver has already organised	Undone by a reordering?
The loading order in the vehicle	Yes
When they take their break	Yes
The stop announced to a customer on the phone	Yes

What the agent does, and does not

Action	Done?
Change a round under way without approval	No
Add a stop en route	No

Action	Done?
Reorder on live traffic	No
Propose a new sequence to operations	Yes, when something goes wrong
Flag a stop now impossible within the window	Yes, immediately
Contact the driver directly	Never

A driver receiving instructions from a system while driving is not in a good position.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
