Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **Everything appeared to have worked**: the note was stated, written down, and it is visible at the till.

Path of the note	Count
Entered	**41**
Present on the production ticket	**34**
Entered in the free-comment field	**7**
Reproduced by the kitchen ticket format	**0 of the 7**

What changes now

Rule	Applied?
An allergy note has its own slot	**Yes**
It no longer goes through the free field	**Yes**

Rule	Applied?
It blocks sending until it is on the ticket	**Yes**
The customer is told it has been passed on	**Yes**
The customer is told a dish contains none	**Never**

It is a print setting, reported to whoever configures the tickets — not a person's mistake.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
