Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The return rate says whether the agent serves as an aid or a substitute.**

Item	Kept?	What it allows
Summary and source document, page of every claim	Yes	Checking a sentence in three seconds
What was declared left out	Yes	Knowing what was not read
Summaries of binding documents and their caveat	Yes	Measuring whether the caveat is enough
Return-to-source rate	Yes, overall	Judging the agent
Who reads what	No	A measured reader opens the document without reading it

No summarising tool publishes that figure. It is nonetheless the only one that says what it is really for.

This demonstrator's honest point

Finding	Value	What it says
Contract summaries read before signing	7	All carried the caveat at the top

The marking was not enough. Saying so beats the opposite promise.

For the company to settle
