Fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **For those documents, completeness is part of the right to see them.**

Document type	Summarised?	Why
Report, study, note, minutes	Yes	Addressed to a professional who will decide
Documentation, tender	Yes	Same
A decision applying to the reader	No	It is aimed at them personally
A medical record about them	No	Same
A document from their own file	No	Same

A summary, however good, decides on their behalf what matters in a text aimed at them. It is this demonstrator's only categorical refusal.

What the agent offers instead

Aid	Provided?	Nature
Clickable contents list	Yes	Reading aid
List of passages naming the person	Yes	Reading aid
Glossary of technical terms	Yes	Reading aid
Summary	No	Substitute

Of 312 requests	Count
Falling into this case	9
Given a contents list and glossary	9
Who opened the whole document	8

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
