Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **Every slip has a justification, and none is arguable.**

Indicator	Value
Number of reschedules	**14**
Longest slip	**5 days**
Median slip	**4 days**
Weeks the task was shown as late	**0**
Gap from the first date announced	**71 days**

After each slip the dashboard restarts from the new date: the task is "on time" the day after every move.

What is not concluded

That the task is badly run: **a date moved fourteen times by four days almost always describes workload underestimated at the outset**, not a person at fault.

Recipient

Whoever arbitrated the initial plan, with the number of slips — **not the task owner: they already know, they are the one rescheduling.**
