That is a **separate arrangement** — process, fingerprints, logging, retention — **governed by that same decree. It can be put in place, it can be audited, and it is contracted separately.**

The three questions to ask before budgeting it
1. Which process, and does it meet articles 2 to 6 of the decree of 5 December 2016?
2. Who attests to integrity over time, and over what commitment period?
3. What becomes of the presumption if the process changes during retention?
