Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **This document attaches days to dated, numbered events; it characterises no liability.** The legal characterisation and the strategy remain with the legal department and its counsel, to whom the material is handed whole and quantified.

Breakdown of the 94 days

Stretch	Days	Event attached to	Exhibits
Waiting for approval of the layout drawing	**41**	**7 written chasers left unanswered**	**122, 127, 131, 134, 139, 141, 146**
Waiting for a component at a subcontractor	**28**	Dated order acknowledgements and delay notices	168 to 174

Stretch	Days	Event attached to	Exhibits
Rework after changes during the works	**19**	**6 site instructions**	**Site register, numbers given**
Stretch to be settled	**6**	Three possible events	**3 precise questions prepared for the project manager**
Total	**94**	—	—

Where the attaching exhibits come from

Origin	Days covered	Nature of the exhibits
Exhibits emanating from the customer	**60 of 94**	**Its letters, its site instructions, its countersigned minutes**
Exhibits from third parties	28	Acknowledgements and notices from the subcontractor
Exhibits to be settled	6	Questions prepared

An exhibit written or signed by the opposing party is the hardest to argue with. The attachment puts those forward and gives for each the number, the page and the exact passage, so that a pleading can rest on them directly.

What is handed to counsel
