Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The named channel has a cost: being seen asking.**

Type of subject	Arrives through named channels?	Arrives here?
A scheme you did not know about	Rarely	Yes
A rule you think you broke	Almost never	Yes
An entitlement you dare not claim	Almost never	Yes
An ordinary practical question	Yes	Yes

A tool that does not judge collects what meetings never collect. That is information about the company, not about the people.

The subject	Yes, above five people
The department	No
The fine period	No
That a "worrying" subject came up	Never, even aggregated, even to the HR director alone

On these subjects the threshold is not a formality: it is what keeps the tool receiving these questions at all.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
