Regulatory timetable and sources consulted

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Six deadlines, each with its address and consultation date · fictional as to the client, real sources

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional as to the insurer and its use cases. The regulatory references below, however, were recorded on the official pages on **7 September 2026** and are reproduced with their address. The law changes: these readings must be revalidated before any binding use.

Date	What applies	Source recorded	Consulted on
1 August 2024	Entry into force of Regulation (EU) 2024/1689	European Commission — "Regulatory framework for AI"	07/09/2026
2 February 2025	Prohibited practices and the AI literacy duty (Article 4)	European Commission — timetable page and "AI literacy" FAQ	07/09/2026
2 August 2025	Rules on general-purpose AI models and on governance	European Commission — "Regulatory framework for AI"	07/09/2026

Date	What applies	Source recorded	Consulted on
2 August 2026	General application of the regulation, including transparency rules; start of supervision of the literacy duty by national authorities	European Commission — timetable page and "AI literacy" FAQ	07/09/2026
2 December 2027	High-risk systems in Annex III — date set by Regulation (EU) 2026/1744	European Commission and EUR-Lex, Regulation (EU) 2026/1744	07/09/2026
2 August 2028	High-risk systems embedded in products under Annex I	European Commission and EUR-Lex, Regulation (EU) 2026/1744	07/09/2026

The two texts, as recorded

Text	Adopted	Published in the OJ	In force	Address
Regulation (EU) 2024/1689 — the AI Act	13 June 2024	12 July 2024	1 August 2024	eur-lex.europa.eu — CELEX 32024R1689
Regulation (EU) 2026/1744 — Digital Omnibus on AI	8 July 2026	24 July 2026	27 July 2026	eur-lex.europa.eu — CELEX 32026R1744

> **What Regulation (EU) 2026/1744 did not do, and the shortcut is circulating:** it did not postpone the AI Act. 2 August 2026 remains the general date of application. Only the Annex III and Annex I obligations were moved.

The limit of this document: it does not say which regime applies to a given system. That depends on its purpose, its context and the people concerned, and it is assessed

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
