Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **Statements of appeal routes and deadlines are not reworted**. Their wording is what makes them enforceable — a clearer letter whose appeal wording has been rewritten is a weaker letter.

What is copied unchanged, in all three

Block	Copied?	Why
Legal ground for the decision	Yes	It founds the decision
Reference to the resolution or text	Yes	It is checkable
Appeal routes and deadlines	Yes, word for word	Its wording makes it enforceable
Department contact details	Yes	—

What is reworted

LINDBERGH FORMATION — a simplified joint-stock company with share capital of €250,000 · Registered office: 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114 · SIRET 817 946 114 00029 · VAT FR 60 817 946 114 · "Blue Lemon Agent" trade mark · Training-provider registration no. 119 108 635 91 (Île-de-France prefect — this registration does not amount to State approval) · Qualiopi certified, no. 03896, for the "training actions" category · contact@bluelemonagent.ai · dpo@bluelemonagent.ai · Hosted in France.

Letter	Opening sentence	After	Position of the ground
Refusal of support	34 words	11 words	4th → 2nd paragraph
Further documents	28 words	12 words	3rd → 1st paragraph
Summons	22 words	9 words	after 6 lines → 1st line

The move matters more than the shortening. An eleven-word sentence in the fourth paragraph is still unfindable; a twenty-word sentence at the top gets read.

What the agent proposes, and what it leaves untouched

Action	Performed?
Offer a reworted version	Yes
Show what changes, line by line	Yes
Amend the standard letter in force	No
Send the reworted version	No
Touch appeal routes and deadlines	No

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
