Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictitious document, produced for the demonstration. *Non-take-up is an entitlement whose conditions a person meets and does not claim — because they do not know about it, because the process discouraged them, or because nobody had the time to tell them. It is what costs most in social terms, and it is the only area where a few minutes of rereading change a household's life.*

The method — and there is no magic in it

What the agent reads	What it does with it	What it never does
The documents ALREADY held in the 1,130 files	It compares them with the published, written conditions of the schemes	No external file, no cross-matching with a third-party body
Income notices, rent receipts, household composition, children's ages	It flags a likely entitlement and the document that grounds it	It opens no entitlement and files no application on a person's behalf

What the agent reads	What it does with it	What it never does
The date of each document	It flags only on a document less than three months old	It never infers income it has not read

What the rereading produced, step by step

Step	Volume	Reading
Likely entitlements flagged	312	Across 214 households
Confirmed after interview by a social worker	268 — 86 %	The interview settles it in ten minutes instead of forty, because the document and the form are already there
Applications filed	214	The other 54 are waiting for a document or for the person's choice, and she remains free to claim or not
Awards obtained	186	28 still being processed
of which households that had never filed an application for discretionary assistance	63	They came for something else, or did not come at all

The schemes concerned

Scheme	Entitlements flagged	Confirmed
Health cover	84	76
Heating and energy assistance	71	63
Social pricing for school meals	62	58
Transport assistance	49	40
County schemes	46	31

Scheme	Entitlements flagged	Confirmed
Total	312	268

What it represents for residents

Measure	Value	Reading
Awards obtained	186	—
Average monthly amount per household	€41	Average of the entitlements opened
Over twelve months	More than €91,000	That is not CCAS money: it is money going back to households in the town that was not reaching them

This is the figure to take to the board, and the only one that speaks of non-take-up avoided. **It is not counted in officer hours** — it is counted in entitlements opened, and it can be checked file by file.

The rhythm proposed

Pass	Frequency	Why
Full rereading of the 1,130 files	Twice a year	Scheme conditions change
Rereading of one file	On every new document filed	A move, a birth, a job loss open entitlements the day they happen

For the CCAS to settle
