Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **The calculation belongs to the post and runs to three lines** — it can be redone without us, from the consulate's own logs. **This is the page to hand the head of post the day before the meeting.**

The calculation, item by item

Item	Share of the scale	Minutes	Annual volume	Time returned
Preparing a transcription	**100 % → 20 %**	**50 → 10**	**480**	**320 hours**
Completeness check on a visa file	**60 % → 10 %**	30 → 5	**1,240**	**516 hours**

Item	Share of the scale	Minutes	Annual volume	Time returned
Reply to a national	40 % → 10 %	20 → 5	2,760	**690 hours**
Total	—	—	—	**1,526 hours — more than forty-three weeks of one full-time official's work**

The conversion uses the statutory basis of 35 hours a week, and the rounding is downward: forty-three weeks amount to 1,505 hours, the post returned 1,526. **These hours are not a staffing saving and must not be presented as one:** no post was cut, none was created. **It is public money spent on what the officials alone know how to do.**
