Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **This is the figure to put before the head of post:** in a district of 1,900 kilometres, **service delivered is measured first in journeys the national did not have to make.**

The 214 in detail

Source of the gain	Number	What produced it
Civil-status and travel-document files	**118**	**Document list drawn up for the situation and checked from photos before departure**
Visa files	**96**	**Missing document requested and received before the appointment, not on the day at the counter**
Total	**214**	**Over a single quarter**
Appointments no longer needed	**41**	**Question asked at 10 p.m. from the northern province, answered overnight, written to be understood first time**

What a journey means in this district

Origin	Distance to the post	What a round trip costs	Files concerned this quarter
Northern provinces	**More than 400 km, up to 900**	**Two days and a night in a hotel**	**124**
Southern province	300 to 600 km	A full day	68
San Ventura metropolitan area	Under 40 km	Half a day	118
Distance avoided	—	—	**At least 94,400 km**

The calculation is deliberately cautious: it counts 400 kilometres for the outward leg where the residence declared on the register shows more, **and it counts only second journeys actually avoided. The real distance is greater; this one stands without argument.**

What the post gains on its side

Measure	Before	After	What the freed morning receives
Counter visits for a missing document	**640 a year**	**Turned into exchanges of messages**	**Consular protection, emergencies, complex files**
Length of a counter visit	40 minutes	**15 minutes**	Twice as many people seen in the same morning
Remote clinic proposed	—	**One hour, two evenings a week, set on the northern and southern time zones**	**84 people over a trial quarter, of whom 51 had never reached the post during opening hours**

51 people who had never reached the post: that is access to the service that was not being delivered. That figure does not convert into hours, and it is the one your nationals will remember.

To be set by the post
