Grant application — blocking points

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Storage building · fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **This document does not say whether the project qualifies.** Selection criteria are regional and change from one call to the next: they are read in the current call, never recited from memory.

Two blocking points

#	Point	Established fact	Why it blocks	Recoverable?
1	Work started	**Quote signed 18/07/2026**, Bertrand Matériaux	No spending may be committed before acknowledgement	**No — settle before filing**
2	Professional liability cover	**Expires 31/08/2026**	Required in date at filing	Yes — renewal

Three points to prepare

#	Document	State	Lead time

3	Funding plan	To draw up	Internal
4	Social-scheme certificate	To request	Online
5	Two competing quotes	**None**	Depends on suppliers

> **Point 5 depends on third parties and should therefore go out today**, even though it does not block. That is the reverse of the natural order: you deal first with what blocks, and discover too late that what did not block took three weeks.

The current call for projects

Item	Data
Title	Regional call for projects — farm buildings
Publication date	To check on the regional portal
Closing date	To check on the regional portal

Those two dates are left to be checked rather than reproduced. A call date copied from an earlier round would have been right last year and wrong today — exactly the kind of error a well-laid-out document makes invisible.

> **Request a demo with your own documents**
> This document is a fictitious example. To see the agent work on your own documents, request a demo from its page.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
