# Question to the grant office — signed quote

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Before filing · fictional document

**Fictional document — demonstration example**

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

**Fictional document**, produced for demonstration. **Question unsent.** It is addressed to the case officer and asked before filing: asked afterwards, it costs the application rather than a week.

## The four established facts

| # | Fact | Source |
|---|---|---|
| 1 | Quote dated 18/07/2026 | Bertrand Matériaux quote no. D-2026-0914 |
| 2 | Quote bearing the farmer's signature | Quote, page 3 |
| 3 | No deposit, no priced acceptance | Quote, pages 1 to 3 |
| 4 | No payment issued to that supplier since 18/07 | Bank statements, July and August |

> **These four facts are gathered, not interpreted.** Whether a signature counts as starting work does not follow from a general principle: it depends on the call for projects and on the case officer's practice. That is who the question goes to.

## Text of the question

"In connection with a forthcoming application under the call for projects referenced above, we should like your position on the following point, before filing.

A quote was signed on 18 July 2026 for the main item of the project. That quote carries no deposit and no priced order commitment, and no payment has been issued to that supplier.

Is that quote liable to be treated as a start of work within the meaning of the scheme? The quote is attached."

## What would be flagged in future, on your approval

| Trigger | Action | What stays free on your side |
|---|---|---|
| Quote signed on an item that might be grant-aided | Flagged, before a payment leaves | **No payment is blocked** |
| Payment issued on such an item | Flagged, for the record | **Nothing is cancelled** |

A flag, not a lock: the farmer signs what they like, they simply know it as they do.
