Document issued on 09/11/2026

1 box left blank · fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **The rate box is blank and stays blank.** Publishing a rate that practice contradicts would be worse than publishing nothing: the note would lose its only use, which is to be relied on.

Applicable rate: ..... € per kilometre — **to be set by the committee** (see the gap in the appendix)

The rest of the note, ready

"Travel expenses incurred for the association are reimbursed on a monthly expense claim, submitted before the 5th of the following month, with a travel receipt or a signed statement of mileage. The treasurer approves and reimbursement follows the next month.

You may, if you wish, waive that reimbursement. Waiving assumes the claim was first made and accepted. The treasurer will tell you the steps and the documents you will receive."

Appendix — the eleven 2026 reimbursements

Month	Volunteer	Kilometres	Amount paid	In line with the resolution?
January	B. A.	124	—	**No — higher**
February	N. D.	86	—	Yes
February	S. F.	212	—	**No — higher**
March	T. M.	94	—	Yes
April	K. S.	158	—	**No — higher**
April	L. B.	72	—	**No — lower**
May	R. K.	190	—	**No — higher**
June	A. C.	110	—	Yes
June	M. T.	64	—	**No — lower**
July	D. O.	148	—	**No — higher**
July	P. V.	98	—	Yes

> **The amounts paid are not reproduced, and neither is the rate.** Putting them here would mean publishing two contradictory figures in the very document meant to settle between them. Only the direction of the gap is shown.

What would be matched in future, on your approval

Trigger	Who receives the gap	What you gain
Claim received	**Treasurer**	**The gap goes to the treasurer and to her alone: you fix the rate without losing the volunteer**
Quarter ended	Committee — how many claims, how many gaps, in which direction	The committee decides on the rate, not on people: no ranking by name circulates

A volunteer should not discover a rate discrepancy in an automated message. That is the kind of message that loses you a volunteer, not the kind that wins you compliance.
