Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **"I think" is read as an answer**, and it gets repeated without the caveat.

Nature	Questions
Answer found in the base	**860**
No answer in the base	**380**
Total	**1,240**

What becomes of the 380 questions with no answer

Wording set aside	What the agent returns instead
A likely answer	**The question as it was asked, grouped with its like: the 380 come down to 46 subjects, ranked by frequency**

Wording set aside	What the agent returns instead
An answer deduced from a neighbouring document	**Same — and the missing document is named, so it can be written**
"I think that…"	**A clear sentence: the base does not say so, and here is the subject to document**
"78% confidence"	**The source, or nothing: this is the writing plan for your base, drawn up by the people who query it**

> **A confidence percentage helps nobody decide: it gives the reader the feeling of having been careful.** That is the opposite of a caveat.
