Oral amendments — 12 sittings

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

11 amendments · fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The three gaps found are not falsifications.** They are good-faith rewordings made days later by someone who had understood the intention — and the intention is not the text that was voted.

Sitting	Oral amendments	Final text identical to what was spoken	Gap
September 2025	1	**Yes**	—
October 2025	2	**Yes**	—
November 2025	1	**No**	**A condition added**
December 2025	0	—	—
January 2026	1	**Yes**	—

Sitting	Oral amendments	Final text identical to what was spoken	Gap
February 2026	1	**No**	**A deadline changed**
March 2026	2	**Yes**	—
April 2026	0	—	—
May 2026	1	**No**	**An amount rounded**
June 2026	1	**Yes**	—
July 2026	1	**Yes**	—
August 2026	0	—	—

> **Three gaps across eleven amendments.** None changes the sense of the resolution; all three change its text, and it is the text that is adopted.

What the arrangement does, and does not

Action	Performed?
Set down the spoken text, timestamped	**Yes**
Mark it "to be confirmed"	**Yes**
Send it to the clerk the same evening	**Yes**
Decide the final text	**No**
Correct an already adopted text	**No**

A transcription remains a transcription. What stands is what the council adopted, and confirming that text belongs to the clerk of the sitting.

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
