Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **Documents are named as they are named on the document itself** — « your 2026 tax notice », never « proof of income ». **Nobody recognises a proof of income in their folder.**
