Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

The file quoted is fictional; the rules below are real and dated. They are reproduced here to show the shape general information takes: the text, its official address, the update date of that page, the conditions to check — and what is left for the adviser to establish.

What changed, and when

Period	Procedure	Source
Until 31 December 2025	**No formality — the aid was granted automatically**	entreprendre.service-public.fr
Since 1 January 2026	**Application to be filed with Urssaf**	**entreprendre.service-public.fr, page updated 01/07/2026 · urssaf.fr**

The four calendar points

Point	Rule	Applied to the file

Filing window	**60 days from the start-of-activity date**	**Start on 1 October → cut-off on 30 November**
Urssaf's silence	**No answer within one month: the aid is deemed granted**	Information to give the founder
Duration, general case	**12 months of partial relief on personal social contributions**	If that regime is chosen
Duration, micro-entrepreneur	**Reduced rate until the end of the 3rd calendar quarter following the declared start-of-activity date**	If that regime is chosen

> **Both regimes are given together because the founder's is not settled yet.** Keeping one and staying silent on the other would steer a choice that belongs to the founder and her adviser.

The situations that open the entitlement — to be checked, never assumed

Situation listed on the official page	Answer in the questionnaire	Adviser's finding
Jobseeker receiving benefit	**Stated by the founder**	**To be established and dated**
Jobseeker without benefit, subject to a registration duration condition	Not applicable	—
Recipient of income support or the specific solidarity allowance	Not applicable	—
Person under 26	Not applicable	—

Legal notice (in French): bluelemonagent.ai/mentions-legales

Situation listed on the official page	Answer in the questionnaire	Adviser's finding
Creation in a priority neighbourhood or a rural revitalisation zone	**To look into — the premises are in a village centre**	**To be checked against the official zoning**

The list above is an extract, provided for the demonstration; the full and current list is on the official page cited at the top. The agent matches it against the questionnaire answers and flags the lines to look into — **it never writes « eligible »: that word is the adviser's, it carries their name and date, and that is what makes the attestation stand up.**
