Single window — state of the filing, document by document

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

7 documents of 8 · 3 substantive checks passed · fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document as to the filing, produced for the demonstration. **The framework is real:** since 1 January 2023 the formalities of creation, modification and cessation of activity must be carried out online on the single electronic window operated by the INPI, whatever the legal form or the activity; the business formality centres have been abolished. *Source: entreprendre.service-public.fr, « single window for business formalities » page, verified 23/01/2025.*

State of the documents

Document	State	Substantive check carried out
Valid identity document	**Received**	**Expiry date checked**
Sworn declaration of non-conviction	**Received**	**Handwritten signature present, document dated**
Certificate of filiation	**Missing**	**Chaser sent on the 18th**

Document	State	Substantive check carried out
Proof of right to occupy the premises	**Received**	Address matches the declaration
The 4 documents specific to the activity and legal form	**Received**	Names match across all 4

> **A document that is present but expired blocks the filing exactly like a missing one.** That is why the check is on content — expiry date, signature, matching names — and never on the mere presence of a file.

The chaser, exactly as it went out

« Hello Léa,
One document is missing from your file: the certificate of filiation. A birth certificate less than three months old, or the corresponding page of your family record book, will do.
Until it is attached, filing on the single window stays blocked — it is the only thing holding your file up today.
Your adviser remains your contact for any question of substance. »

What follows the filing

Step	Who does it	What the agent prepares
Entry and filing on the single window	**A human at the organisation, or the founder**	The complete, checked filing
Retrieving the proof of business creation	The founder	**The reminder: it is needed to apply for ACRE**
ACRE application to Urssaf	The founder, with support	**The cut-off date and the reminder milestones**

Actual filing date and name of the person filing: _____

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
