Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **The answer promises no grant, reserves no plot and states no amount.** It says what is available and on what conditions; awarding is a decision of the community council.

The schemes set out, with their source

Scheme	Internal source	What the answer says about it
Regional business property grant	**Agreement with the region**	**Conditions, minimum investment, documents required**
Tax reliefs applicable on the park	**Resolution of the community council, with its date**	Scope, duration, conditions for keeping them
Support from the chambers	Partnership agreements	**Named contact and scheme matching the activity**

Scheme	Internal source	What the answer says about it
Plots available on the park	**Land department's marketing table**	**3 compatible plots — last update date shown: 11 days**
Appointment	Diary of the officer for the sector	Three slots offered

A resolution is the decision voted by the authority's assembly: it is what makes the applicable law, not an internal note. The land marketing table is the table kept by the land department stating, plot by plot, what is free, reserved or sold.

What the answer never contains

Item	Reason
A promise of a grant	**Awarding is decided by resolution of the community council**
A plot reservation	**Reserving belongs to the land department**
An amount	The eligible cost and the rate are calculated on a complete application
A commitment to a deadline	**A written commitment binds the authority, even when given in good faith**

What is proposed next

Measure	Effect	Decision
Keeping the three blocks up to date — schemes, reliefs by park, contacts	**Any change to the grant rules updates them the same day**	**Department approval**
Revising the two templates quoting a closed scheme	Removes a source of wrong information to businesses	Immediate

For the authority to settle

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
