Programme — versions 3 and 4 compared

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **No version is withdrawn or replaced.** A programme sent with a signed agreement remains what was agreed, even if it is out of date.

The two versions

Version	Date	Where it sits	Sent to this learner?
v3	08/09/2025	**Website, and attachment to the agreement of 14/05**	**Yes**
v4	12/03/2026	Teaching file, **actually delivered**	No

What changed between them

Module	v3	v4	Difference
Getting to know the interface	4 h	4 h	—

Module	v3	v4	Difference
Formulas and functions	9 h	9 h	—
Pivot tables	**7 h**	**4 h**	**− 3 h**
Simple automation	**—**	**3 h**	**+ 3 h**
Formatting and printing	5 h	5 h	—
Assessment	2 h	2 h	—
Total duration	**27 h**	**27 h**	**identical**

> **The total duration is identical, and that is what makes the gap so quiet.** No check on total hours would have caught it: only a module-by-module comparison shows it.

What this learner's file says

Document	Content	Signed?
Agreement of 14/05	Programme v3 attached	**Yes**
Attendance sheets	**Name the "simple automation" module**	**Yes, every half-day**
Completion certificate	Objectives from v4	Not issued

These two facts pull in opposite directions: they signed a programme stating 7 h for a module they attended for 4, and they signed an attendance sheet naming the added module every half-day. Neither settles the matter.

Three replies drafted, none sent

Reply chosen: ☐ acknowledge the gap and explain it · ☐ acknowledge it and offer a top-up on the shortened module · ☐ goodwill gesture of ..... € · ☐ other: .....

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
