Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **The consultation scope is not an instruction written somewhere: it is role-based partitioning itself** — the system cannot show an employer a document they are not entitled to see.

What the opening letter carries

Section	Content
List of consultable documents	Named, specific to the addressee
Period for making observations	Start and end dates, in plain terms
Means	In writing, through the portal, or at an appointment
What happens next	The date by which the decision must be taken

The scopes

LINDBERGH FORMATION — a simplified joint-stock company with share capital of €250,000 · Registered office: 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114 · SIRET 817 946 114 00029 · VAT FR 60 817 946 114 · "Blue Lemon Agent" trade mark · Training-provider registration no. 119 108 635 91 (Île-de-France prefect — this registration does not amount to State approval) · Qualiopi certified, no. 03896, for the "training actions" category · contact@bluelemonagent.ai · dpo@bluelemonagent.ai · Hosted in France.

Addressee	What they consult	What the system cannot show them
Employer	Administrative documents and circumstances	Any medical item
Insured person	Everything that concerns them	—

The draft notifications

Element	State
Reasoning written both ways	Recognition and refusal, point by point on the material in the file
Decision fields	Left blank — the authorised officer decides, on the medical service's opinion

What early opening changes

Measure	Before	With the agent
Standard notification	40 % of the task's time — 8 minutes	10 % — 2 minutes
Observations received at the adversarial stage	19 % of files	41 %
Documents made consultable out of scope	—	0 across 1,240 openings

Opened early, the adversarial stage gives the employer and the insured person time to answer properly — and that is as many decisions taken in full knowledge, therefore harder to challenge usefully.
