Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **The agent says where a file stands — received, complete, forwarded — and never what it will yield. No grant amount is announced before the competent authority's decision, and no individual situation is discussed with anyone who is not the legal guardian declared on the file.**

Where the agent answers, and what it costs

Channel	For whom	What has to be installed	Cost
WhatsApp Business	Families	Nothing — no account to create, no app to install	Included; only the platform's own charges, billed per conversation, are passed on at cost with no margin
Chat on the school website	Families	Nothing	Included

The 11 questions — 2,980 enquiries out of 4,260

Question	Enquiries a year	Where the written answer already is
Tariffs and ways to pay	560	Tariff resolution of 14 October
Where my grant application stands	510	Status of the file: received, complete, forwarded — never the amount
How to file a missing document	420	Start-of-year notice of 4 September, campaign form
Request for an instalment plan	310	The business office's standard plan
Hardship fund — conditions and form	280	Resolution of 14 October, information note
Credit note for an absence	240	Resolution of 14 October, credit note line

Question	Enquiries a year	Where the written answer already is
Changing between school meals and boarding	210	Change of regime form
Lost invoice	180	The family's account
Updating bank details	130	The business office's procedure
Campaign dates	90	Year calendar
Who to contact at the school	50	Service organisation chart
Total	2,980	The answer existed; what was missing was availability

What the term gave, channel by channel

Channel	Enquiries received	Handled on the 11 questions	Response time
Portal and e-mail	610	430	6 days → a few minutes
WhatsApp Business	340	268	A few minutes, Saturdays included
Website chat	120	88	A few minutes
Front desk and telephone	195	—	Handled on the spot, as before
Term total	1,265	786	—

These hours are not counted in the year's report. The total of 543 hours carries only the three measured items — grants, letters, billing. **The response time down from 6 days to a few minutes is a real gain, but it was not measured in hours, and an unmeasured gain has no business in a total.**

The figure that has nothing to do with hours: 94 of the school's 812 families had never used the online payment portal. 58 of them paid or asked for an instalment plan after a message on the channel they already use. That is non-take-up avoided, recovery gained, and equality of access that can be counted.

The direct-answer mandate — six lines

Clause	What it says
Scope	The 11 questions listed by name, and nothing else
Outside scope	The answer reaches the business office drafted and sourced, and the business office sends it
Grant amount	Never announced before the competent authority's decision — the status of the file, yes; the outcome, no
Identity of the enquirer	No individual situation is discussed with anyone who is not the legal guardian declared on the file
Traceability	Every answer carries its source — resolution or staff notice — with its date, and a statement that a digital assistant of the school prepared it
Duration and withdrawal	Reviewed after one term; without an explicit decision the mandate lapses. Withdrawn with a word from the head teacher, effective within the minute

Mandate signed by the head teacher on: _____ · Review date: _____
