Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **The calculation belongs to the office and can be redone without us**, from its own logs. **This is the page to take to management.**

The calculation, item by item

Item	Share of the task's time	Duration	Annual volume	Time returned
Preliminary examination of a routine claim	**60 % → 10 %**	**36 min → 6 min**	**1,180**	**590 hours**
Draft reply from a template	**40 % → 10 %**	**12 min → 3 min**	**2,120**	**318 hours**

Item	Share of the task's time	Duration	Annual volume	Time returned
Assembling and checking a tax-relief file	**100 % → 20 %**	**2 h → 24 min**	**160**	**256 hours**
Total	—	—	—	**1,164 hours — thirty-three weeks of one full-time officer's work**

These hours are not a budget saving, and they must on no account be presented as one: no post has been abolished, none created. **This is staff time returned to the analysis of taxpayers' circumstances** — and what stands up before management is what that time produced.

What these hours produced — the deadlines met for the taxpayer

Commitment	Before	After	Source
First examination of a claim	**47 days**	**9 days**	Arrival and allocation timestamps
Reply to the taxpayer	**94 days**	**27 days**	Log of signed replies
Files going back with a request for a document	**38 %**	**6 %**	710 files of the quarter
Claims lapsing for want of a taxpayer's reply	**74**	**6**	**68 files a year that reach examination**
Requests for time to pay beyond thirty days	**214**	**0**	**198 drafts handed to the public accountant, 16 awaiting a requested document**

Equal access — what is not counted in hours

Measure	Value	Reading
Inconsistencies flagged	**340**	**of which 214 material errors corrected in the taxpayer's favour**
of which on files where the taxpayer had asked for nothing	**96**	**It may be the only figure management remembers**
Online procedures completed	**191 out of 212**	Non-take-up plays out on the missing document, not on the screen
People coming on Saturday who had never come during opening hours	**19 out of 34**	One hour a week
Subjects whose material is ready to pass to the complementary agent	The 11 subjects	Equal treatment, not a comfort option

The figure the agent publishes about itself, published with the rest

Finding	Volume	Measured cause	What was done
Replies redone, quarter 1	**41 out of 470 — 8.7 %**	**33 on files with several versions of one document**	**Version rule written, replayed over five financial years, settled by the office**
Replies redone, quarter 2	**9 out of 452 — 2.0 %**	One-off mixed-use cases	**Fourth examination sheet written**

The framework measure

Indicator	Year
Files traced	**2,840**
Replies sent without a case handler's signature	**0**
Tax relief granted without a person	**0**

LINDBERGH FORMATION — Blue Lemon Agent — Companies register (RCS) Évry 817 946 114 —
Legal notice (in French): bluelemonagent.ai/mentions-legales

Indicator	Year
Taxpayer data out of the office	**0**
Transfers outside the European Union	**0**

These zeros are not a cautious setting: they are the way the agent is wired. The read-only technical account has no right to write, and the legal qualification belongs to the case handler.
