What the agent does alone, and what stays with the public official

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Settings, log and exit · fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for the demonstration. **Three automatic acts, not one more, each withdrawable with one word.** Everything else waits for a request.

The three automatic acts

Act	When	Reversibility
Completeness check on every file filed	**Overnight after filing**	**A document removed from a file disappears from the indexes at the same hour**
Writing the updated version of a rulebook amended by resolution	**The day after the session**	**It is the act that took substantive corrections from 8.1 % to 1.1 %**
Weekly record to the head of department	Every Monday	**The only unprompted send**

The four decisions that stay with the public official

Decision	What the agent prepares	What the signature brings
Awarding a grant	Criteria ticked, scale applied, reasoning written	**A decision reasoned, dated, traced and open to challenge**
Refusing an application	Criterion not met quoted in plain terms, other eligible scheme flagged	Same
Withdrawing a grant	Chronology, documents alongside	Same
Asking for repayment	Breakdown, file ready for the public accountant	Same

A decision with effects on an applicant never rests on automated processing alone. It is taken by the competent public official — **and a decision nobody had signed could be challenged by nobody, so it would be worth nothing before the administrative court.**

The exit, verifiable before the vote

Item	The day the authority stops
The agent's indexes	**Deleted — no file inside**
Log	Handed over in an open format **or destroyed, at the authority's choice**
21 restored and dated rulebooks, 13 answers, easy-read versions, rewritten checks	**Stay with the urban community**
Dry-run exit	**Half a day at the end of the first quarter — first Friday of August, 11 filings against 26 on average**

For the department to settle

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
