Document issued on 09/11/2026

3 dates · fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **This document does not say a tacit decision has been acquired.** It records three dates and quotes two articles — the legal characterisation belongs to the service.

The three dates, with their document

Date	Event	Supporting document
18/05/2026	Filed at the town hall	**Filing receipt**
18/05/2026	Acknowledged	**Receipt handed to the applicant**
04/07/2026	**Request for documents notified**	**Postal acknowledgement**
—	**Gap**	**47 days**

The two texts, quoted and not interpreted

Article R*423-23 of the French planning code. The standard assessment period is **one month** for prior declarations.

Article R*423-38 of the French planning code. Where the file does not include the required documents, the competent authority sends the applicant or the declarant, **within the month following receipt or filing at the town hall**, a recorded-delivery letter with acknowledgement setting out **exhaustively** the missing documents.

> **Day 47 falls after the one-month period provided by R*423-38.** What that entails for the assessment period is a legal characterisation — it is not made here, and it is put as a question to the service.

What accompanies the note

Document	Supplied?
Filing receipt of 18/05	**Yes**
Postal acknowledgement of 04/07	**Yes**
Copy of the request letter	**Yes**
Extract of the two articles quoted	**Yes**

Characterisation adopted by the service: ..... · **by** ..... · **on** ...../...../.....

> **The box is empty and the agent does not tick it.** That is the line between a flag and a legal opinion — and a planning service does not need a tool that gives opinions, it needs one that does not let a date slip.

> **Request a demo with your own documents**
> This document is a fictitious example. To see the agent work on your own documents, request a demo from its page.
