Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The first flag is the only one that can produce a decision without anybody taking it.** That is what puts it ahead of three expiring periods.

#	Flag	What triggered it	Files	Recipient	Chase
1	Documents requested on day 47	Filed 18/05, notified 04/07	DP-2026-0203	**Head of service + lawyer**	**12 h**
2	3 periods expiring, no decision drafted	System schedule	3 files	Case officers concerned	**12 h**
3	Second request for documents	The first was not exhaustive	PC-2026-0088	Head of service	48 h
4	Periods not recalculated after receipt	Documents received 14/07	2 files	System administrator	48 h

> **The fourth flag manufactures the first.** A period not recalculated in the system produces a false schedule — and a false schedule produces notifications on day 47.

Flag 2 — the three expiring periods

File	Type	Filed	Period ends	Decision drafted?
DP-2026-0219	Prior declaration	10/07/2026	**10/08/2026**	**No**
DP-2026-0221	Prior declaration	11/07/2026	**11/08/2026**	**No**
PC-2026-0134	Building permit	09/06/2026	**09/08/2026**	**No**

The end dates are those held in your system's schedule. They are reported, not recalculated: the agent flags that no decision is drafted; it does not recompute a statutory period in place of the case management system.

Proposed chases

Flag	Without action	Then
1 and 2	Reminder at 12 h	Chief executive at 24 h
3 and 4	Reminder at 48 h	Head of service at 96 h
