Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The agent does not say whether the standard terms are enforceable or whether acceptance by clicking constitutes a commitment.** Those are two questions of law, and they go to an adviser.

Element	Value
Order date	04/08/2026
Amount	**€84,000**
Contract on file	**None**
Wording on the purchase order	"*I accept the standard terms*", box ticked
Terms timestamped on the day of the order	**Yes**

Timestamping the standard terms is the most useful part of this document. Online terms change without notice: with no dated copy, nobody knows six months

> later what was accepted.

The three clauses furthest from your practice

Clause	Supplier's terms	Your usual contracts
Jurisdiction	**Supplier's registered office**	**Absent or negotiated**
Liability cap	**10% of the value**	**The contract value**
Claim period	**8 days**	**30 days**

The nine comparable orders over twelve months

Value band	Orders	Total
Under €10,000	4	€21,000
€10,000 to €50,000	3	€67,000
Over €50,000	**2**	**€122,000**
Total	**9**	**€210,000**

The nine are not presented as faults. They are presented as a volume: two hundred and ten thousand euros of orders governed by a third party's terms, which is a management fact before it is a legal question.
