Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **No decision on the merits is taken.** The document records what the schedule says and places it beside what was asked for.

What is missing, and what should not have been asked for

LINDBERGH FORMATION — a simplified joint-stock company with share capital of €250,000 · Registered office: 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114 · SIRET 817 946 114 00029 · VAT FR 60 817 946 114 · "Blue Lemon Agent" trade mark · Training-provider registration no. 119 108 635 91 (Île-de-France prefect — this registration does not amount to State approval) · Qualiopi certified, no. 03896, for the "training actions" category · contact@bluelemonagent.ai · dpo@bluelemonagent.ai · Hosted in France.

Document	Requested	Required by the schedule	Status
Tax assessment, year –1	Yes	Yes	Genuinely missing
Employment certificate	Yes	No, since January 2024	Should not be requested
Signed declaration	No	Yes, since January 2024	On file

The resident has been hunting two documents for six weeks; only one will be required. The second was replaced by a signed declaration they have already provided.

What is left to the officer

Gap between the letter sent and the schedule: ☐ the signed declaration suffices · ☐ request the certificate anyway · ☐ check with the scheme owner

The agent ticks nothing. It records that the schedule changed and that the letter did not follow; what the department does with that on this file is an assessment decision.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
