Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. The sheets are rebuilt from existing paperwork; **no figure is estimated** — a field with no supporting document stays empty.

Completion certificate	Not found on file	—

The second sheet is incomplete and says so. The completion certificate was not found: it is to be requested from the landlord. It has not been replaced with an approximate mention, because a reference that can be challenged is worth less than one that is absent.

What would be automated, on your approval

Trigger	Action	Recipient	Chase
Handover minutes signed	A pre-filled sheet is opened	Site manager	after 15 days

Trigger	Action	Recipient	Chase
Sheet still incomplete after chase	Flagged	Management	monthly recap

No sheet is published or sent without approval. It waits in your references, ready for the day a tender calls for it.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
