> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **The agent did not guess the travel time**: an estimate by feel is wrong by a factor of two.

Element	What the agent could see
The 2 p.m. slot	**Free**
The 10 a.m. appointment	**Present in the calendar**
The location of the 10 a.m. appointment	**Not usable**
The distance between the two	**Invisible**

What is proposed, cheapest first

Proposal	What it allows
A dedicated "location" field in the calendar	**The agent rules out any unverifiable slot**

Proposal	What it allows
Failing that, a fixed margin set by the company	**Applied without interpretation**

What the agent does meanwhile

Step	Who	Time added
Propose a slot	**The agent**	—
Have it confirmed	**The salesperson**	**~1 hour**
Announce to the prospect	**The agent**	—

Indicator	Value
Appointments through this route	**84**
Conflicts avoided	**3**
Cost of one conflict	**Half a day for two people**

> **One hour of delay against three lost half-days across eighty-four appointments.** It is the only calculation that justifies slowing down an arrangement sold on its speed.
