Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **An answer given at night by an agent binds the company exactly as an answer given at noon by a salesperson** — and nobody can take it back before opening.

"*Your enquiry was recorded on [date] at [time]. I can offer you a slot; I cannot answer on prices or lead times — a salesperson will do that on [working day].*"

> **The agent did not speed up the sale: it removed the wait with no news.**
> Saying so matters — presenting the seven minutes as a commercial gain would be a lie the first customer would check.
