Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **Every line of the calculation can be redone from the authority's logs — that is the condition for an elected member to be able to take it up in session.**

The calculation, in three lines

Item	Share of time	Minutes	Volume	Hours
Records — first draft	60 % → 18 %	90 → 27	630	661
Complaint letters	37 % → 10 %	18 min 30 → 5	1,850	416
Recurring questions	10 % → 8 %	2 min 30 → 2	2,400	20
Total				1,097 h

The framework measures, across 1,004 traced outputs: 0 record signed without the president or a holder of delegation · 0 output sent without a person's validation · 0 resident data left the network · 0 payment order returned by the public accountant for a missing document over the quarter.

1,097 hours is seven months of a full-time writer's work, given back to the service at identical headcount. No post cut, no post created: public expenditure held and deadlines kept for the resident.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
