Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **No page is merged or deleted.**

A deleted page takes its inbound links with it, and two of the three have some.

Page	Written in	Appearances on shared queries	Inbound links	Current?
A	2022	58%	14	No
B	2024	27%	6	Partly
C	2026	15%	0	Yes

The page appearing most often is the oldest and the least current. The engine chooses each time, and it does not always choose the best — that is what competition between three pages of one site produces.

What each contains that the others do not

A	A detailed client case
B	A comparison of methods
C	Current data and current pricing

What is proposed

Step	Action	Nature
1	Designate a main page	Editorial
2	Move into it what the other two contribute	Editorial
3	Point the other two at it	Technical

Which of the three deserves to be the main one is not a technical question.

Page C is the most current and has no inbound links; page A has fourteen links and outdated content. The two arguments pull opposite ways, and the call is editorial.
