June 2026 · fictional document

**Fictional document — demonstration example**

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

**Fictional document**, produced for demonstration. **The flag is delicate because it produced a result.** Positions improved in July — and it still goes to management, full file, within 24 h.

| Element | Value |
|---|---|
| Links appeared | **84** |
| Period | **4 to 19 June** |
| **Source domains** | **6** |
| Anchor texts | **Very similar** |
| Nature of source pages | **Home pages unrelated to the business** |

## What it produced

| Query | Position before | Position in July |
|---|---|---|
| Query 1 | **14** | **6** |

| Query | Position before | Position in July |
|---|---|---|
| Query 2 | **22** | **9** |
| Query 3 | 19 | 12 |

> **The result is real.** A flag claiming otherwise would be false and would not be believed — it is precisely because it works that the subject must go to management.

## What it commits you to

| Element | Scope |
|---|---|
| Detection | **Today or in two years** |
| **Scope of the penalty** | **The site, not only the links** |
| **Character** | **Retroactive** |
| **Recovery time** | **Rarely under a year** |

## What the supplier's contract says

The contract mentions no link buying. It speaks of "*visibility*" and "*developing the online presence*".

> **That is information, not an accusation.** The contract does not prohibit link buying, it does not mention it — and that absence is what justifies putting the question in writing.

## What is proposed

| Step | Action | Before what |
|---|---|---|
| 1 | **Written question to the supplier** | **Any technical action** |

| Step | Action | Before what |
|---|---|---|
| 2 | Decision with somebody who knows the history | — |
| 3 | Possible disavowal | **Prepared and checked by the agent, decided and filed by the company** |
