Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **The agent states from the first sentence that it is a digital assistant of the town hall, not a member of staff.** This is not an option that can be switched off: **the European regulation on artificial intelligence requires that anyone interacting with an AI system be informed**, and **the caller can ask for a person at any time.**

The nine subjects — 1,940 enquiries out of 2,600

Subject	Enquiries per year	Where the answer sits
How much do I owe?	680	The family's account: amounts due by period and by service, payments recorded with their dates
I paid, why this reminder?	412	Match between the payment and the receivable, with the date of each

Subject	Enquiries per year	Where the answer sits
What is my rate?	336	Adopted rate and date of the resolution that founds it
How do I pay online?	248	Family portal, step by step
... and 5 other subjects	264	Service rules, opening hours, market calendar
Total	1,940	The answer existed; it was availability that was missing

A family that understands where its rate comes from disputes it ten times less than a family that is simply given a figure. That is why every answer carries the adopted rate and the date of the resolution: **it is not a formality, it is what makes the amount acceptable.**

What goes to the competent counter rather than getting an approximation

Request	Competence	What the agent gives
Challenge to a rate	The council's resolution, handled by the schools department	The competent service, its contact details and the time to expect
Request for financial support	Municipal social action centre	Contact details and days it is open
Question about a revenue order already transmitted	Public accountant	Never an estimate given in the municipality's name

Availability, which is the whole subject

Measure	Before	After
Enquiries handled at any hour	0	1,940
Calls arriving outside the revenue office's opening hours, over the trial quarter	—	58 %
Enquiries left to the revenue manager	2,600	660, with the family's account already open and the subject noted

The revenue manager also staffs the town hall reception two days a week: those are precisely the two days when revenue office calls went unanswered. **They are now handled, and the morning statement says what went out.**

For the authority to settle
