Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The second flag is the only one that makes the authority say the opposite of what it decided.** That is what puts it ahead of the other three, not its volume.

#	Flag	What triggered it	Measured effect	Recipient
2	Entry contradicting a by-law	By-law of 04/07 vs entry of 11/03/2025	**62 wrong answers, 11 since 01/09**	Knowledge-base owner
1	Entry pointing to a withdrawn form	Form withdrawn 12/06	34 answers served	Knowledge-base owner
3	41 abandonments at the same step	Support-payment journey	41 applications not filed	**Department owning the procedure**
4	"I do not know" answers doubled	Façade renovation topic	28 unanswered requests	Department concerned

The third flag does not go to the knowledge-base owner. Forty-one abandonments at the same point of a form are not an information problem: they are a form problem, and sending them to the wrong department puts them to sleep.

Flag 2 — the 11 reachable residents

Period	Answers served with the old information	Reachable
04/07 to 31/08	51	**No — the market was still on Wednesday**
01/09 to 07/09	**11**	**Yes**

The distinction is not cosmetic: before 1 September the old information was correct. Only the eleven residents informed since could turn up on the wrong day.

Proposed chases

Flag	Without action	Then
2	Reminder at 48 h	Chief executive at 96 h
1, 3, 4	Reminder at 7 days	Chief executive at 14 days
All	—	Weekly summary, by subject
