Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **The agent has written all 7 updated versions**, each aligned on the resolution in force, **with the replaced line and the line replacing it side by side. The municipality reads them, corrects with a word and settles the version — and it is that signature that makes the template enforceable against a resident who would challenge it.**

What the 34 templates produce each year

Family of documents	Annual volume	Templates involved
Municipal decrees	**214**	9 templates, only one of them for temporary roadworks
Council resolutions	63	4 templates
Village hall hire agreements	**61**	**1 template — the one whose rates are out of date**

Family of documents	Annual volume	Templates involved
Planning enquiry reply letters	47	1 template
Total	**385 documents a year**	**34 templates**

Three templates out of thirty-four produce 204 of those 385 documents — the temporary roadworks decree (96 a year), the village hall agreement (61) and the planning letter (47). **Revising those three first means handling more than half the output in twenty minutes of approval.**

The 7 templates predating the resolution that amends them

Template	What no longer fits	Governing resolution	Uses per year
Village hall hire agreement	**Rates from a replaced resolution**	**2023 resolution on municipal rates**	**61**
Temporary roadworks decree	**Cites a repealed resolution**	Council resolution on traffic policing	**96**
Canteen rules	Hours changed at the September council	September resolution	1 circulation a year
Burial concession award letter	Concession term and rate revised	2023 resolution on municipal rates	8
Accommodation certificate	Address of a service that has moved	Notice published by the service	6
Tourist tax reminder letter	Scale changed	2024 resolution	12

Template	What no longer fits	Governing resolution	Uses per year
Temporary occupation of public land	Occupation charge revised	2023 resolution on municipal rates	14
Total	—	—	**198 documents a year built on an out-of-date template**

> **These 7 gaps existed before the agent.** They only show up when the template and the register of resolutions are put side by side — **and that is exactly the matching the agent did in one night, across all 34 templates.**

The action that stops it happening again

When	What the agent does	What is left to the municipality
The day after each council meeting	**It flags any template amended by that evening's resolutions, and writes its updated version**	**Reading it and settling the version**
On request	**It costs what the updated version would have changed over the past year, document by document**	**Bringing it into service, signed — it takes a word**

For the municipality to settle

Order of revision of the 7 templates approved by the mayor: _____
